To: Whom it may concern

We here at RI Floor epoxies have been using Micor flooring products for two years and have had great success. The high quality products is not where the Micor stops, it is where they begin. The technical staff has been a great asset to our company. The responds time of Micor to the slightest problem has always been unbeatable. The service and shipping times are always the best and the staff at Micor are just good people to work with. As the owner of RI- floor epoxies, I hold my suppliers to a high standard and I have tried other companies, never with the same fantastic results we have had with Micor. We will continue to use Micor as our soul supplier for years to come. The relationship we have developed with Micor can not be beat, I personal feel Micor, really cares about the success of our Company. As we do there's.
